La refrigerazione statica con scambiatori a fascio tubiero e sbrinamento automatico di serie, garantisce:
Static refrigeration with shell and tube heat exchangers and automatic defrost as standard, guarantees:

- minori consumi rispetto alla versione ventilata
- lower consumption when compared to traditional display units
- elevata silenziosità
- greater quietness
- assenza di manutenzione
- maintenance assistance
- maggiore volume d'esposizione a parità d'ingombro esterno
- greater display volume with the same external footprint
